Savings – Simplicity

HSA Tax Advantages

Created under federal legislation, HSAs offer a way to purchase a health policy and save money tax-free.

- Tax Deductible – Contributions to your HSA fund are tax deductible up to the lesser of 100% of your deductible or to the IRS allowed maximums.
- Tax Deferred – Your HSA money earns interest tax deferred and rolls over year after year.
- Tax-Free – Withdrawals from your HSA fund used for qualified medical expenses are tax free.

What you don't spend on health care continues to grow as a tax deferred savings vehicle until you reach age 65 at which point you can use the savings tax-free for medical expenses not covered by Medicare or for non-qualified expenses and only receive normal taxation.

CELTICSAVER HSA PPO PLAN

Network Services – To maximize the benefits received under the CelticSaver HSA PPO Plan an insured person must receive services from a network provider.

Non-network Services – Each time an out-of-network provider (physician and/or hospital) is used, eligible charges are reduced by an additional 20%, which does not apply to the out-of-pocket maximum. If charges by a non-network provider are incurred by an insured person due to a medical emergency, the deductible and coinsurance will be the same as if provided by a network provider.

Note: Celtic Insurance Company contracts with Preferred Provider Organizations (PPO) to utilize their network of health care providers and hospitals for Celtic's PPO health benefit plans. The Preferred Provider Organizations support their clients by developing standards to determine network adequacy and accessibility. These standards are contained in an Access Plan, which is available upon request.

IMPORTANT PLAN INFORMATION

Eligibility Requirements – To qualify for CelticSaver HSA coverage, a primary applicant must be 19 or over and under 64½ years of age and must not be covered under any other health insurance plan or be claimed as a dependent on any tax return. Applicant must be a United States citizen or a foreign resident who has been living in the United States.

Underwriting – Your CelticSaver HSA application is individually underwritten based on the health history of you and your dependents to be covered. To effectively underwrite your application, Celtic must obtain as much medical information about you as possible. This is accomplished through the use of health questions on the application form and, in some instances, a follow-up medical questionnaire and/or telephone verification of information. In addition, Celtic may request medical records as necessary.

PLEASE NOTE: Creditable Coverage - Time spent under the CelticSaver HSA Health Plan may or may not count towards “creditable coverage” as defined in the Health Insurance Portability and Accountability Act, Public Law 104-191. Your individual circumstances, as well as state and federal law, will determine how much, if any, of your coverage under the CelticSaver HSA Health Plan is creditable coverage.

Pre-existing Conditions – A pre-existing condition is a sickness or bodily injury for which an insured person received a diagnosis, medical advice, consultation, or treatment during the 12 months prior to the effective date, or for which an insured person had symptoms 12 months before the effective date which would cause an ordinarily prudent person to seek medical care or treatment.

For an insured person, age 19 and over, benefits are paid for pre-existing conditions once coverage is in force for 12 continuous months after the effective date, unless specifically excluded from coverage under this certificate. For dependents under 19, no pre-existing limitations apply.

Any treatment or service for an excluded pre-existing condition, including any complications or conditions resulting from treatment of a pre-existing condition are not eligible expenses.

When Coverage Begins and Ends – Your effective date will appear on the schedule page of your Certificate Booklet or Policy, provided that you mail in your premium payment with your application and are accepted for coverage. Coverage ends when:

- you fail to make the required premium payments;
- you cease to be an eligible dependent;
- you begin living outside the United States.

Celtic's Health Care Certification (Pre-authorization) Program – Health Care Certification (Pre-authorization) is a benefit which is automatically included in the CelticSaver HSA Health Plan. The Health Care Certification (Pre-authorization) Program promotes high-quality medical care, and can help you better understand and evaluate your treatment options.

How does it work? – You need to contact the Celtic Health Care Certification (Pre-authorization) Program at 1-800-477-7870 to certify medical treatment. The review team is made up of medical advisors with backgrounds in the medical, surgical, and psychiatric fields. If you have concerns about your proposed treatment, they can help you develop appropriate questions to ask your physician. The medical advisor may also discuss possible alternatives with your doctor if there are any questions regarding the necessity of your treatment. Celtic recommended second surgical opinions are always paid at 100%. Also, in the event of a non-certification there is an appeal process available.

Remember, the final decision for medical treatment is always the right and responsibility of you and your doctor.

What if I don't notify Celtic before treatment? – For all plans non-notification (Pre-authorization) results in an exclusion from eligible expenses of 20% of all charges related to the treatment, if you did not notify the Celtic Health Care Certification (Pre-authorization) Program before treatment.

What if my treatment is considered not medically appropriate and/or not medically necessary? – A “Notice of Non-Certification (Pre-authorization)” is issued to you and your doctor. If you decide to receive the non-certified treatment, no benefits are paid.
